

UNY's Commitment to reaching Net-Zero

Policy	:	Rector Regulation No. 20 of 2017 concerning the Green Campus of Universitas Negeri Yogyakarta (UNY)
Brief Description	:	<p>Article 2 paragraph (1) states that <i>“The Green Campus of Universitas Negeri Yogyakarta (UNY) represents a condition in which the university is free from all forms of pollution, with a clean, healthy, and comfortable environment.”</i> Meanwhile, paragraph (2) states that <i>“The Green Campus of UNY is a goal that must be realized by all members of the university community, including leadership, staff, and the entire academic community.”</i></p> <p>These provisions reflect UNY's strong institutional commitment to environmental sustainability. By positioning a pollution-free and environmentally friendly campus as a shared responsibility, UNY demonstrates a strategic direction toward achieving long-term sustainability goals, including its commitment to progressing toward net-zero emissions.</p>
